**Student Yearbooks for Armour Institute of Technology, Lewis Institute, and  
 Illinois Institute of Technology**

Annual yearbooks were regularly produced by both Armour Institute of Technology from 1898 to 1940 and the Lewis Institute from 1903 to 1940. After the 1940 merger of the two schools, students of Illinois Institute of Technology continued to publish an annual yearbook from 1940 to 1979, after which a few were sporadically published without any great regularity. Yearbooks are held in the UASC Reading Room as well as in the Galvin Library reference and circulating collections under the following call numbers: *Integral*, T171 A7363; *Senior Class Book*, T171 A7363a; *Cycle*, T171 A7363b.
