TAU BETA PI HAS PUBLIC PLEDGING FOR SIX JUNIORS

Professor Spears Tells History of Chapter of Honorary

FOUNDED AT LEHIGH

Six seniors, E. W. Gogollot, Jr., A. Keir, C. Robinson, and E. W. Dehaye, were publicly pledged by Tau Beta Pi, honorary engineering fraternity, at that Friday's assembly just before the pledging ceremony on Tuesday evening. This ceremony is one which is believed to have been originated by E. W. Dehaye, Tau Beta Pi's founder. The ceremony was to be held in the usual way, with the students being sworn in at the close of the ceremony.

Students Sing at General Assembly

The entire student body participated in this year's General Assembly, held Thursday, April 21, in the gymnasium of the city. The assembly was attended by friends and relatives of the students, who were called to order by President H. P. E. Smith. The assembly was called to order by President H. P. E. Smith.

FACULTY CLUB INSTALLS THREE NEW MEMBERS

At the Faculty Club meeting on Tuesday evening, three new members were installed. They are: Dr. E. W. Dehaye, E. W. Gogollot, Jr., and A. Keir. The meeting was called to order by President H. P. E. Smith, who announced the installation of the new members.

HYACINTH HALVEY IS PRESENTED BY ARMOUR PLAYERS

A bouquet of flowers was presented to Miss Hyacinth Halvey, who was the first woman to be publicly pledged by the Tau Beta Pi chapter. She was presented with a bouquet of flowers by the Tau Beta Pi chapter.

Fresh Will Wear Green “Spotters”

The idea of having the most prominent freshman wear a green “spotters” shirt has been carried out this year. The “spotters” shirt is worn by the freshman class as a sign to look after them.

ARMOUR TECHNICAL SOCIETY

The technical society for students in the College of Engineering at the University of Chicago, is planning to hold its first meeting on Tuesday evening. The meeting will be held in the usual way, with the students being sworn in at the close of the meeting.

ARMS OF THE WEEK

The weekly arm of the week is the “arm” of the chapter, which is a symbol of the chapter. The arm is a symbol of the chapter.

Initiate New Men Into Faculty Club

Graduate Students Visit Sewage Plants

Introduction (Continued from page I)

While surgery. On this day, Dr. McCulloch, president of the college, presented the new men with a certificate of membership, and a bar and needle. Justice! (Progress of the University) was the title of the address delivered by Dr. McCulloch.

Within the hour, the surgeons were making a visit to the sewage plant of the city, and the new men were shown around by the sewage technician. The visit was a great success, and the new men were highly impressed by the efficiency of the plant.

Engineer Will Speak on Armour Program

Following the meeting, the engineer, Mr. Johnson, gave a lecture on the Armour program. He discussed the role of the engineer in the modern world, and the importance of technical education.

Fraternity Notes

PHI PI PHI

On Monday, May 16, the Alpha Chapter of Companion held their meeting. Brother Arnold, a member of Phi Pi Phi, was the speaker. The meeting was well attended, and the discussion was lively.

The chapter was invited to attend the annual convention of Phi Pi Phi, which will be held in Chicago this fall. The chapter is looking forward to this event with great anticipation.

RHO DELTA RHO

Rho Delta Eta takes pride in announcing the names of the new initiates to the fraternity. Welcome to the Rho Delta Eta family! The new members were initiated at the last meeting.

The fraternity is looking forward to another successful year, and welcomes all new members to their community.

A. I. E. E. Members at Annual Smoker

Mr. Johnson, President of the A. I. E. E., attended the annual smoker of the college. The smoker was held in the gymnasium, and was attended by a large crowd of faculty and students.

The evening was filled with music, dance, and good conversation. The A. I. E. E. members were proudly represented, and the evening was a great success.

TURKISH TOBACCO

came to this country in the 16th century.

DOMESTIC TOBACCO

is stored in huge wooden barrels. Buckingham estimates about 2000 pounds of tobacco.

A flavor that neither possesses alone

Early in the 17th century, tobacco used for smoking was hand rolled. Today, cigarettes are made from different leaves, different temperatures night and day, and different blending methods produced an even more refined tobacco-rich in life, but very full and sweet.

Four different spots are famous for the quality of their Turkish tobaccos — Xanthi and Corulla in Greece, Samos and Smyrna in Turkey. And it must be remembered when trying some of these places that our heyonder the Turks for Chesterfield.

In the 20th century, cigarette smoking was once considered a social activity, but now it is considered a health hazard. However, the demand for cigarettes remains high, and the tobacco industry continues to adapt to changing consumer preferences.

Chesterfield — the cigarette that's Miller...the cigarette that tastes better
