CANCER INITIATES SEVEN PLEDGES

Dr. Hatchett Is on Speaking Washington's Life

As has been the custom in past years, a Washington's birthday assembly will be held at 10:45 a.m. Monday, and all students are invited to attend. Dr. Hatchett will address the students here in his second appearance in his capacity as President of the Institute. He will speak about the life and ideals of George Washington, the father of our country. The students will assemble in the assembly hall before the assembly.

A.E.E. Will Hear Sound Films Friday

Three sound films will be presented in the Auditorium on Friday, February 22, at 11:45 a.m. The films will be shown simultaneously with the regular film program. The films are "Washington's Birthday," "Our Flag," and "Our Country."

Dr. Bailey To Tell Us "C.S. Meeting"

On March 1, Dr. Claude Bailey will address the students at the "C.S. Meeting". He will speak on the subject of "The New World of Science."

Mystery of the Silent Piano Key Is Solved By Aspiring Young Student

Solved by Aspiring Young Student

(A silent picture is necessary to understand the story. A child is sitting in a room, playing a piano. The child suddenly becomes quiet. The father enters the room and asks what is wrong. The child replies that the piano key is stuck. The father looks under the piano and finds the key is stuck. He then discovers that the key was stuck due to the child's accident."

Illustrated Lecture Planned for F.P.E.S.

The Fire Protection Engineers Society will hold its first meeting of the season on March 1, in the Auditorium. The meeting will be preceded by a short talk on the subject of "Fire Protection in Abstract." The meeting will be open to all members of the society and the public.

NOTICE

A special bulletin describing the meeting will be mailed to all members of the society. The bulletin will be mailed to all members of the society. The bulletin will be mailed to all members of the society. The bulletin will be mailed to all members of the society.
"The Slipstick"
Clue to "The Slipstick" is the picture of a fish, which may
be in the fish bowl on the floor, in the fish tank in the
suites, or in the fish bowl in the dormitory.

CONFESSIO
The Memory is a happy place.
To recall that which was once remembered.
It is not as it is now.
They, who dwell there, turn with the ship's course.
They, who dwell there, turn with the ship's course.

The young man's fancy often wanders far, he is
lost in the memory of that happy place.

MINUTE PHILOSOPHY
A person's memory is a person's greatest
store of knowledge. However, it may not
always be remembered.

PLATEAU CAMPAIGNS

Well, that's something I never knew before

I'd never thought much about what's inside a Chesterfield cigarette. But I have just been reading something that made me think about it.

I just think of this, since the French tobacco in Chesterfield—the Turkish—comes from 4000 miles away. And before it is shipped every single leaf is picked by hand. All because Turkish tobacco is so small and delicate.

Of course, I don't know much about making cigarettes, but I do know this—that Chesterfields are milder and have a very pleasing aroma and taste. They satisfy—and that's what counts with me!
