Registration Data Shows Small Drop

The dean's office has issued a report that the number of students attending classes at Armour is at an all-time low. This is the result of the application made by Armour author- ities to the Illinois State Board of Education.

Many Men Join General Work Institute

Funds of the Federal Emergency Relief Administration have made it possible for Armour students to help in the general work institute. Funds are also available for students of many other colleges in the United States.

F.E.R.A. Provides Employment for Eighty Students

This is the result of the application made by Armour authorities to the Illinois State Board of Education.

Those seniors who have not yet registered should report to the dean's office as soon as possible.

Tech Rifle Team Beats Ohio State

The Rifle Club has again proved itself to be one of the best in the nation. Armour's Lake View Field, situated a mile south of the campus, is a favorite hunting and fishing spot. The rifle club is headed by Coach Dr. Alfred W. Elsasser.

The following data is taken from the report of the Illinois State Board of Education.

Senior Rush to Get New Jewelry

The fact of the seniors not registering for classes is found in the large number of seniors who have been placed on the waiting list. The only exception is the football team, which will be on the field this year.

Sample of the jewelry is as follows: a ten carat ring, a watch, and a gold ring or gold band. The ring will be made with two parts of gold and one part of silver. The gold will weigh 20 grams and the silver 10 grams.

An additional item on the list is a gold ring with a pink diamond. The ring will be made with two parts of gold and one part of silver. The gold will weigh 20 grams and the silver 10 grams.

Frolic Committee To Hold Contest

All of the members of the freshman class have been invited to the contest. Those who attend the contest will receive a $50 bill, which will be determined by a random drawing. The contest will be held in the gymnasium.

Tech Musical Clubs Schedule Concerts

The Tech Musical Clubs have scheduled several concerts for the season. The first concert will be held on January 30th, and the second on February 10th. The third concert will be held on March 10th, and the final concert on April 10th.

The concerts will be held in the gymnasium. The doors will open at 7:30 p.m., and the concerts will begin at 8:00 p.m.

For more information, please contact the Tech Musical Clubs.

The Honorarys

TAU BETA PI
Honorary Engineering Fraternity

Tau Beta Pi is an honorary association which was founded in 1895 by students of MIT, for the purpose of promoting the interests of engineering education. It is open to all engineering students who are outstanding in scholarship and have completed at least one year of college work.

The chapter at Armour Institute of Technology, Illinois Institute of Technology, was founded in 1944. The chapter at the Armour Institute of Technology is the 24th chapter to be organized outside the United States, and is the only chapter in Chicago.

Method of Election

Elections are held at the beginning of the academic year. All members of the fraternity are eligible to vote. The candidates for the various offices are nominated by the executive committee of the chapter, and the election is held in the fall of the academic year.

OCTAVE: A STRONG SYSTEM

The OICTA TELEPHONE

Wired together by common policies and ideals, the 27 Bell System companies work as one.

Operation is in the hands of 24 associated telephone companies - each attached to the system. Scientific research and manufacture of apparatus are delegated to Bell Telephone Laboratories and Western Electric.

Co-ordination of all System activities is in the hands of the American Telephone and Telegraph Company.

Thanks to the skillful teamwork of these many Bell System units, you can talk to anyone, anywhere, anytime.

Tech Rifle Team Beats Ohio State

The team has shot its first and second match in the state and is now ranked first in the state in the national rankings. Although the team did not do as well as it had hoped, they are highly motivated and excited for the remaining matches of the season.

ARMOUR TECH NEWS

Those penciled scrawls are a sign of jangled nerves.

If you're the sort of person who gets easily upset, then you may be prone to jangled nerves. It's important to take care of yourself and manage your stress levels to prevent jangled nerves.

STUDENTS MUSINGS

A Simple Question

There she sat, as near him, and sat so near... How beautiful she looked! Now was she always so beautiful? She was, said those same newfound things, true, they sort of get around more—she sort of gets around more... She doesn't, they sort of get around more—she sort of gets around more... she, that is. She, that is. She, that is. She, that is. She, that is. She, that is.

Samuel Pinfield, a 2nd-year student at the University of Chicago, explores the complex subject of beauty and its perception.

SILENDES

(During the period of...)

The Junior ARMY Band plays in the hospital's emergency room, providing comfort and solace to patients and their families.

Publication Men Hear J. H. Forrest

The Board of Publication held its annual meeting on Wednesday at the RITA Auditorium. The staff members of the Circle were pleased. Arrangements for the symposium and all necessary details were the hands of the committee composed of Professor Perkins and Staff, M. Cohler, and D. Enright.

AVM News

The news recently presented that ARMOR news is a local news outlet that has been covering events for years. The editor of ARMOR news is a local journalist who covers the local community.

Are You a Phone Booth Artist?

Jagged nerves can be caused by various factors such as stress, anxiety, or trauma. If you are experiencing jangled nerves, it's important to seek help and support to address the underlying cause.

Are You a Phone Booth Artist?

If you're thinking about starting a career in phone booth art, there are a few important things to consider. Here are some tips to help you get started:

1. Choose a Phone Booth:
   - Decide on the phone booth you want to use. Consider factors such as location, accessibility, and privacy.

2. Plan Your Artwork:
   - Think about the design and content of your artwork. Consider the materials you'll use and how to create your artwork on the phone booth.

3. Connect with Other Artists:
   - Reach out to other phone booth artists in your area. They can provide advice and support as you start your career.

4. Promote Your Work:
   - Use social media and other platforms to promote your artwork and attract attention to your phone booth.

5. Consider the Legal Aspects:
   - Be aware of any local regulations or restrictions regarding phone booth art. Make sure you have the necessary permits or approvals.

These steps can help you get started on your journey as a phone booth artist. Remember to have fun and express yourself through your unique art form.

Bands of the Circle were pleased. Arrangements for the symposium and all necessary details were the hands of the committee composed of Professor Perkins and Staff, M. Cohler, and D. Enright.

TUNE IN!

ATTENTION, ATTENTION. The day has come...
ARMOUR TECH NEWS

By Ray Finley

Concentrate your thoughts on an apogee event of the year—The Armour Tech Relays, March 17, 1934. Only eleven days into the future will we point the closing meet of the indoor season for collegians and veterans of the Midwestern, Big Ten Meet. Thus, Thursday of this week, the U of C. Fieldhouse will be the scene of the annual Big Ten Track Meet. The athletes will be in a group of teams next Friday in a select event at the Naperian Fieldhouse. The heroes will have a curtain raiser in the Friday, Friday, Friday. Page Five

Baseball Candidates Practice for Opener

A brief survey of the progress of Armour baseball shows that the team is making good headway for the opening meet. The batting conditions are the best the team has enjoyed all winter, and Coach Keeler intends to go up a winning curve. Practice and the men will be in top shape by the middle of this month. The opening game of the season will be played against Northwestern University on April 8, the weather permitting. The Pomona squad holds the bat of opponents this season.

Geographic Society Announces Speakers

The Geographic Society of Chicago will have as speakers at its monthly meetings to be held during the month of March, Swede Gobin and Dr. Lawrence Gould. Arrangements have been made for Dr. Lawrence Gould to address the society on March 10. He is a geologist and geographer as well as the head of the United States Geological Survey of the First Federal Aviation Expedition. During the expedition, he made two expeditions to the newly discovered Kiefer-Mammoth Mountain, 1000 feet below Littlechild Mountain, and the other by leg and sled to the highest mountain on the continent. The other by leg and sled to the highest mountain on the continent. He will discuss the flora and fauna of the mountains at the border of the United States and Canada.

Good Taste—You Can’t Miss It

Lucks’ finer smoother tonces come from the finest Turkish and domestic tobaccos. We use only the center leaves for they are the mildest, most tender leaves. And every Lucky is so round, so firm, so fully packed.

armour will be host to midwest college track meets on march 17

Meet to be held on March 17

Armour Relays, the indoor track and field meet extraordinary, will attract college teams on March 17. The Armour Fieldhouse will be the scene of the annual Big Ten Track Meet. The athletes will be in a group of teams next Friday in a select event at the Naperian Fieldhouse. The heroes will have a curtain raiser in the Friday, Friday, Friday, Friday. After a two-week rest, the track enthusiasts were in a winning stage with March Central last Friday. The track was rained upon and the weather was overcast. The track was rained upon and the weather was overcast.

Swimmers to Meet Loyola's U. Tankman

Armour Techs are alert upon a better showing than they made in their meet at Loyola earlier this week, as they can hardly be expected to get their points in the coming meet. The Loyola team has several star performers who are backed by other competent swimmers. In case they all start, Armour is not likely to make the best of its few swimmers. However, the Techs are confident of competing in the Loyola meet.

Meet with George William

A meet with George William College is in the near future. This is the team that posed the no. 1 threat to Tech's first win last of the season. At the meet, Tech may be able to gain a third place.

Helm in High Jump

Callea and Fuentes are expected to take a hand in the high jump meet this year, and Fuentes is expected to win another high jump meet. In the past week, he cleared 6 feet 1 inch in a practice meet. He is the only athlete on the Tech team who has ever cleared that height.

Basketball

At Armour's basketball game, the Techs won against a team from Loyola University. The Techs were led by their star player, a guard named Smith, who scored 20 points. The Techs' defense was strong, allowing the opposing team to score only 10 points.

Laucharski, Newly Elected Captain of Cagers, To Succeed Pflum

Laucharski is the newly elected captain of the Tech basketball team. His election is due to his strong leadership and dedication to the team. He has been a key player on the team for several seasons and has demonstrated his commitment to the sport.

Al Laucharski, a junior in the department of chemical engineering, was elected captain of the 1934-35 Armour varsity basketball team by the unanimous vote of team members in a meeting held last Sunday. He succeeds Baylum, Pflum, graduating captain. Coach Bill Kraft, with the approval of the Armour Athletic Board, awarded seven major medals and two certificates to the members of this year's squad.

Good Sportsmanship Necessary

Coach Kraft expressed the fact that the team had just finished a season of tough competition with a lot more than 3000 degrees. He also noted that the record of some ten and eight teams was a good record considering the fact that several of the games were lost by one or two points that could have gone either way. "Although these losses make for a slightly less perfect year on the ball, basketball," said Coach Kraft, "it is because of this uncertainty that good sportsmanship can flourish. Many exciting victories and bitter defeats are experienced by athletes, due partly to these breaks of the game."
