SIX PLEDGED TO TAU BETA PI

Six men pledged to Tau Beta Pi on Friday morning in assembly.

Players Present Short Irish Play

By Myron B. Stevens

Under the direction of Professor Howard M. Frist, a short Irish play, "The Houey," was presented at the University of Illinois last Friday. The theme of the play is the question of the place of the Irish in the British Empire, and the importance of maintaining law and order in the province of the same. The play was brought into full view by the acting of the platform, and the scene and what parts were effectively intended to produce the impression desired.

Unusual Reception of Guest

To produce a novel effect, lights were used in the play, and the mosslight was affected by an overhead fast mask, ingeniously arranged by J. Z. Overholt, who is in charge of the lighting of the play. Behind the scene the various agencies of the presence of the stage, the light was brought into full view by the platform, and the scene and what parts were effectively intended to produce the impression desired.

DISCUSS FORMAL DANCE

E. L. Prinz, W. W. Henderson and F. J. Jones were dressed in "casual" suits and "tall" shoes by popular advice for the latter class but left for the first plans for the official opening of the season of music at the Armory. The trio of the James Marshals were included in the "casual" crowd and made a feature of the occasion, details and other matters existing in the evening.

Most of the house was given to discussion regarding the annual junior dance. Whether or not it is to be in Cameron Hall or the real dance where it is to be held, was the question, and the answer was the question. This year, formal luncheons held on Friday afternoon before the junior dance will have all the same events of the occasion.

The type of junior dance in the house was decided to be rejected because the prices were fixed too high and the students were not enthusiastic. According to a new model of costumed women, the junior dance is to be held in a ballroom in the University of Illinois, which organization is considering making a dance for a season of Northfield in the evening.

The next step in the junior dance will have similar form, but it will be of a different nature.

Vice-President Visits Phi Lambda Upsilon

The national vice-president of Phi Lambda Upsilon, a national chemical engineering society, arrived on campus Friday afternoon, according to Pres. Robert L. McIlheren, the chapter secretary, received Dr. L. M. Aldrich, the national secretary of the society. President McIlheren and his staff played a series of successful games with the members of the local chapter under the program are required to be

To Hold Easter Service Sunday

On Easter Sunday Dr. George J. Schreiber will conduct a religious Easter service at the Armory. He will deliver the address, and has planned a most inspirational service, which is sure to be enjoyed by all the attendees. The Armory Club will furnish all the necessary food.

In the past the Armory was the place for Easter services, which were usually attended by many persons who had never been before the Armory. At the first service, held Easter Sunday, the Armory was crowded with people who were interested in the service.

The Armory has been used for many years and is one of the most popular places in the area.

Five Men Pledged to Pi Tau Sigma Smoker

To Sigma, honorary social fraternity, five men were pledged as members of Junior men at a recent meeting. The new men are William J. Colby, Robert W. Asher, Ronald W. Rinehart, and H. W. Washburn.

Men Discussed Another Short Irish Play

Appreciative Engineers

For the past two years, approximately, we have been out doing a full-time job and participating in an enjoyable time in viewing a presentation by the Armour Tech Players, each time they present one of their well-chosen productions. We have never been disappointed by the Players, and we think that after all the hard work they do at the end of the year, they should be able to make a good presentation. The Armour Tech Players have always done a good job, and we hope they will continue to do so in the future.

The Shovel Steak

Starting a club -- a group of people -- is not an easy thing. In order to get a club going, it is necessary to have a nucleus of people interested in the same thing. This nucleus should be large enough to carry on the club's activities, but small enough to be manageable. It is also important to have a leader who is enthusiastic and dedicated to the club's goals.

rare... quite wonderful. The newsgirls and leg fare are still fantastic.

...here it is... in a nutshell

THERE are just about three common-sense questions to ask about pipe tobacco:

"First, is it made to smoke in a pipe?"

"Is it cut in big enough flakes to smoke cool and mild?"

"Does it have a pleasing flavor that leaves you hankering for more?"

"I guess I've been smoking pipes for as many years as you've been alive, another fellow who smokes tobacco to pipe tobacco... here it is in a nutshell. Smoke Granger's."

Granger Rough Cut the pipe tobacco that's MILD the pipe tobacco that's COOL

-fell so keen to like it

TECHAWK GOLFERS ARRANGE MATCHES WITH BIG TEN FOES

March 21 and spring are here — the time of the golfers' great events in the activities of the Tech golfers these days. With the first signs of the fair weather the springish feeling is in the air and the golfers are looking forward to the season in anticipation of the tournament event. April 15th is the opening date of the tournament and there will be a good deal of golfing during the spring months. The golfers have arranged a few practices matches during the season to keep them in shape for the tournament.

Manager Ray Pflueger has already arranged several tournaments for the Tech golfers this year. The matches will be held at various courses throughout the state. The Tech golfers are looking forward to a successful season.

— what it means

TECH HAWK SHORTS

Indoor Tournament

With the coming of the indoor season there has been a request for a more organized schedule of indoor events. The Tech golfers have been organized into teams and are playing against other teams in the state. The events will be held at various indoor facilities throughout the state.

Golfers, please note:

1. Indoor tournaments will be held at various indoor facilities throughout the state. The tournaments will be held on Saturdays and Sundays.

2. The indoor tournaments will be held on Saturdays and Sundays. The tournaments will be held at various indoor facilities throughout the state.

BALLESTER PLAYERS PRACTICING DAILY ON OGDEN FIELD

Tuesday, March 27, 1934

BALL PLAYERS ARE PRACTICING DAILY ON OGDEN FIELD

Yesterday afternoon found Ogdens Field once again a scene of tennis activity as the Aroncourt tennis team practiced for their first outdoor practice session of the season. The Aroncourt tennis team is under the direction of Coach Kroll, and is composed of several talented players.

The practice session was held to improve the players' skills and to prepare them for the upcoming season. The players worked on their serves, returns, and general game strategy.

The practice session was held at Ogdens Field, which is located near the Aroncourt tennis facility. The field is in good condition and provides a suitable environment for the players to practice.

The Aroncourt tennis team is preparing for their first outdoor practice session of the season. The players are working hard to improve their skills and to be ready for the upcoming season. The practice session was held at Ogdens Field, and the players are looking forward to the upcoming season.
