SPEAKER

To Take Orders for Senior Class Jewelry

Senior class jewelry can be ordered now! It is available in three styles: a ten-carat gold ring, a two-tone gold and silver ring, and a gold-plated silver band. The price of each piece starts at $10.00.

Designs from the Future

Designer B. Mason from the future Department of Engineering will be presenting the new designs. The designs will be unveiled at the annual luncheon banquet.

Dates Given for Cycle Pictures

Since the time of graduation, cycle pictures will be available for purchase. The pictures will be taken on the day of graduation, and will be available for viewing on the day of the luncheon banquet.

Krwathol to Speak to Mathematics Club

"How Mathematics is Used to Design the Aircraft" is the subject of a lecture to be presented by Dr. Krwathol at 10:00 A.M. on the day of the luncheon.

Mechanica Organize Society at Meeting

At the regular meeting held on October 10, the members of the Mechanica Society elected officers for the coming year.

Players Meet and Plan More Drama

After having completed a successful season, the students of the "Bells of St. Stephens" have decided to hold another meeting next Friday to discuss future plans. The team will be under the direction of Mr. E. B. Johnson who has agreed to continue as coach.

By Loury Basch

Holliday Party is Held

Junior Chemists held their second annual dinner at the Sorority house on Friday night. Approximately 20 members of the junior class attended.

Holiday Party Held for Junior Chemists

Junior Chemists held their second annual dinner at the Sorority house on Friday night. Approximately 20 members of the junior class attended.

W.E.S. to Hear Talk on Drilling of Wells

Mr. W. M. Horsch will speak on the subject of "Wells" on November 15th at 8:00 P.M. in the Lecture Hall of the Institute. The lecture will be followed by a question and answer session.

Cheese Club Earns a Draw in Chess

In its first meet of the year, the Armory Tech Chess Club took on the Illinois Tech Armory Chess Club. The game was held on the first Friday of each month.

Election in the Senate

On November 10th, the first election in the Senate was held. The following candidates were elected: President, Tom Brown; Vice President, John Smith; Secretary, Mary Johnson; and Treasurer, David White.

President of American Olympic Committee is to Hold Annual Bonnet Quotidian

On February 10th, the President of the American Olympic Committee will hold an annual dinner at the Hotel Continental. The event will be attended by members of the Olympic Committee and other guests.

NEW FEATURE ADDED

A new feature added to the Quotidian is a weekly column written by a guest writer. The column will provide a new perspective on current events.

To Arrive at Arrows in Interest in Archery

An attempt is being made to increase interest in the sport of archery at Armour. The attempt has been successful, and the archery club has been well-received by the students.

Chi Epsilon Preparing Alumni Giving Index

Chi Epsilon, the honorary civil engineering society, is preparing an alumni giving index. The index will be available next year and will provide a record of the contributions made by alumni.

Packing Official Will Talk to A.A.C. at E.C. H. School

Mr. W. M. Horsch, the packing official, will speak to the A.A.C. at E.C. H. School on November 15th. The talk will be held in the lecture hall and will be open to all students.
"The Slipstick"

Clue to "The Slipstick": let the Slipstick fly when you may.

It's had enough when they said it and then Tom's trick was to throw the Slipstick from his chest, but when Fred Asked him why, Tom's trick was enough.

She was standing by the red
And looking down by the rail.
Did she see a what?
No, she was up.
That was it.

She was using her daughter.
Frightened boy saw in the sky a lady's body.
What was she?
All.

Employees: "Are you a varlet or what?"
Smoke equivalent for 20:10 "Now, Abel—Ah makes me think of the idea, Abel."

Auntie: "Is this your latest picture, Builders at Work?"
It is very, very ugly.
Friend: "But they aren't ugly.
Auntie: I know that, the real.

If I thought that a woman of mine
Perhaps would add another,
Would have been true as we see and feel,
I'll never speak it.
Wife you.

If I thought that she was wise
Might linger the whole day through
And picture some new house within my view,
I'd wait for it.
Wife you.

BETA PHI

Our Christmas Dance was held on December 18 and it was by this time one of the main events of the school. The dance was held in the gym and was attended by about 200 people. Beside the parking lot, in front of the school. The dance was full of music and dancing. The colors were red and blue, and the decorations were festive.

PHI KAPPA SIGMA

The Phi Kappa Sigma Club is in full swing now. The first meeting of the club was held on January 18, 1936. The club members are looking forward to the next meeting, which is scheduled for February 1. The club members are planning the next meeting, which is scheduled for February 1.

PHI ALPHA MU

After seeing donated blankets and gifts at the annual Christmas party, our sympaties have been considerably increased, thanks to the generosity of the donors.

By John A. Wamsley

A police car was stopped in front of our school on Central Avenue on a recent evening. The officer asked the driver a question about a license plate, and the driver was taken to the police station for further questioning.

Meanwhile, a group of students was meeting in the school library, eager to discuss the incident. Among them was a former student who had graduated two years ago. He had been away from the city for a while but had recently returned to visit.

"What was the problem?" he asked, as the students filled him in on the details of the incident.

"It was just a routine stop, nothing to worry about," the former student said, trying to reassure them. "But it's always good to be aware of your surroundings, especially when you're driving around in the city."

The students nodded in agreement, grateful for his advice.

"I guess we'll just have to be more careful from now on," one of them said, "but at least we know we're not alone in this."

The former student smiled. "That's the spirit," he said, "just remember to stay aware of your surroundings and you'll be fine."

And with that, he said his goodbyes and left the library, the students still buzzing with conversation about the incident that had just taken place.

The Armour Fencers http://www.armourfencers.com for their first group picture. In this "shot" from left to right in the front row are Thompson, Kimber, Leonard, and Keck. In the second row from left to right are Swanson, Denny, Beauty, and Faust. 5

**Arms News**

The workmen were held back in the swing of school immediately after the holidays. As a matter of fact, our daily routine was even more of a struggle than usual. The teachers had to work overtime to finish the assignments that had been left behind.

Professors on Tours During Winter Recess

During the recent Christmas holidays many of the faculties held tours of the winter weather and cultural tourism. Several professors were taken on a seven day trip to Florida, accompanied by his wife, Dr. Robert Wamsley, and also one of the authors representing a "news" outlet.

Professor Wamsley and Dr. Robert Wamsley stayed in Florida for seven days. Professor Wamsley stayed in other areas of the country while Dr. Robert Wamsley was at home attending to his work.

The STEAM SHOVEL

We understand that DONNY STRONG of the engineering class had an accident with his steam shovel. The accident occurred while he was working on a project for a class assignment.

Donny had been using the steam shovel for several days and had become quite proficient in its operation. However, on this particular day, he had taken a risk and was attempting to complete a task that was beyond his capabilities.

Donny was working on a hillside and had attempted to dig a trench. Unfortunately, the machine slipped and he was thrown off balance. Fortunately, no serious injuries resulted.

And the Steam Shovel wonders why T. Frank Jones is so concerned about how long his horse has to stay in place to work off a $500 loan, that is, considering a breach of promise of some kind. 2

We always thought that the Junior Class took things literally... but we learned that one of the latest developments is actually a woman wearing a pair of shoes on the campus of the Maysville High School. As a good time was had by all.

BOB (Brothers) STEVENS http://www.armourtech.com has been the tradition of good old days. All of our brothers should take a "T" to enjoy special moments with COL. BERNIE FREY'S view for a machine gun.

Bill (Anker) Trouble has returned to the campus of the Tech with his "ん" gun. Bill takes pride in his work, which is quite impressive. Bill wins the gold medal for skillfully using his machine. Bill is a member of the fra "бо" fraternity and is well-known for his outstanding photography skills.

We have received a report that the students at the University of Kentucky are being threatened by a group of "پک" men. It is unknown if the threat is real or just a rumor.

Sharpe, 37 years old, was found dead in his apartment on Friday night. The cause of death is unknown. Sharpe had been a member of the Tech for several years and was known for his work in the field of electronics.

"I'm so sorry to hear about the loss of Sharpe," said a friend of his. "He was a great guy and will be missed by many."
Did you ever notice...in a roomful of people...the difference between one cigarette and another...and wonder why Chesterfields have such a pleasing aroma

Many things have to do with the aroma of a cigarette...the kind of tobacco they are made of...the way they are blended...the quality of the cigarette paper.

It takes good makeup to make good things. Someone said that to get the right aroma in a cigarette, you must have the right amount of Turkish tobacco — and that's right. But it is also true that you get a pleasing aroma from the home-grown tobaccos filled with Southern Sunshine, sweet and ripe. When these tobaccos are all blended and cross-blended the Chesterfield way, balanced one against the other, you get a flavor and aroma different from other cigarettes.

Armoar Defeats Lake Forest Cagers 41-33

Armour jumped back to the win column last Wednesday with a 12-8 victory over Lake Forest in a tough and fast-paced game. The win is Armour's third in a row, and follows closely behind the 89-78 victory over UIC last Saturday.

Armour's strong defense was the key to victory. The Cagers scored only 10 points in the first half, and were held scoreless for the entire second half. Armour's defense was led by senior guard Pat Collins, who scored 14 points and added 6 rebounds.

Armoar Matmen Are Defeated by Wheaton

The Wheaton wrestling team defeated Armour's matmen last Wednesday, 65-14. The match was held at Armour's new facility, which opened in December.

Wheaton's head coach, Bob Bosley, expressed his pleasure with the victory. "Our team has been working hard all season, and it's good to see it pay off," he said.

Maroon Wrestlers Here Tomorrow

Maroon wrestlers will be in town tomorrow for a meet with the Armour wrestling team. The match will be held at 7:00 PM at Armour's new facility.

Sweaters

The Armour Athletic Center will be offering a wide variety of sweaters for purchase. Prices range from $20 to $75.止
