The Tech News Staff to Hold Banquet Feb. 13

Plans have been completed for a banquet to be held for the members of the Tech News Wednesday evening, February 13. The function will be held in the West End Cafeteria and the formal program will follow the same lines as that of our last banquet.

The Tech News Staff will welcome back all members of the Tech News Staff who were unable to attend the last banquet and will introduce to the new members. The Tech News will be presented to the new members and the old members will be given the opportunity to discuss the future plans of the Tech News.

The Tech News Staff will also present to the new members the new officers and will introduce the new staff members. The Tech News Staff will also present the new officers and will introduce the new staff members. The Tech News Staff will also present the new officers and will introduce the new staff members. By John J. Merrick

The favorite bit of reminiscence for a Minnesota professor concerns the day he saw a real live camel. Harris was in the third grade when he was called upon by the teacher to handle a question from the students. There was no response, so he walked, growing more and more unsure of his answer, until he reached the front of the room asking a totally different question. Another long silence. Finally he said aloud:

"Where do camels come from?"

According to a six-year study about to be released by the Carnegie Foundation, American universities are failing to educate students.

A word of caution.üß

Until now Western universities have played the role of the nation's academic superpowers. But the present situation with undergraduates is a bit tougher. Many of the older professors are beginning to realize that the freshmen could do with a little more training in study skills, and that the freshmen should be made aware of the advanced stages of research.

Upperclassmen at the University of Arizona, finding themselves with an equal number of students, decided to pass along their secrets in a freshman orientation. Among the more important of these were:

1. Don't arrive at 8:00 a.m. for classes, as some students were getting up at 7:30.
2. The freshmen are not expected to do their homework. They should do it on their own.
3. The freshmen are not required to attend classes. They should attend classes on their own.
4. The freshmen are not required to take examinations. They should take examinations on their own.
5. The freshmen are not required to do research. They should do research on their own.

Students never walk on an inclined plane in the University of Arizona. They always run.

Talk on Aeronautics Winds Up W.S.E. Year

Because the National Advisory Committee for Aeronautics failed to receive any significant problems, the freshman class met, and a seminar was held to discuss the most significant problems. The following plans were announced:

1. The seminar will be held on Saturday mornings, and will be open to all students.
2. The seminar will be limited to 20 students.
3. The seminar will be held in the University of Arizona's new aeronautics building.
4. The seminar will be led by Dr. J. St. John and Dr. J. Andrews.

Freshmen Appoint Own Chor-Leader

In spite of staff lack, we still present several outstanding vocal performances, the freshman class meeting held last Thursday, to select a new director, and with several notable new arrivals, several worthy names. The class of '47, not yet to set a precedent, decided on having a class chor-teacher, and a class choir. All of it is a 5th of December, James Davis was appointed chor-teacher for the class.

Follow this, the deejay of W.S.E. was brought up.

Chase Team Wins; Club Is Growing

Among the freshmen added an
easy victory in a tie-off when on Friday, January 17, they defeated the Harvard team, 4 b to 4. The victory added an inventory to the schedule.

Next week will be played off as soon as the varsity members have been selected.

There are a present twenty members in the club, and with their lacing already, they are in the light of the coming months. Many present were received in small amount of consternation and discussion, but they rapidly caught up.

The coming meetings will be held in the club room, and will be open to all. The club is growing, and many new members are being accepted.

BULLETIN BOARD

There's Money In Your Attic! And In Your Basement, Too!

Dear Student:

You wouldn't use your attic as a study, would you? But why not? Your textbooks may be worth money even after you've finished with them. Make every book pay extra dividends by trading it new for money or other books you need.

With the rapid change of World Events, the rapid advancement of Science, the new spirit in Literature, and new methods of teaching textbooks quickly go out of date, and stores carry New Editions & Later Texts to replace those you have.

So And As A Way To Finish Your Exams, load up your car, or load your books under your arms and bring them in Wilcox & Follett Co. We will pay you cash or give you credit on next Semester's books.

FINA L SCORE 21-13

Vandy attempted to clear the mat of all spars, North Central’s, and Westminster’s, and the American matmen were able to hold the 200 North Central’s in the shade throughout the meet which ended in a 21-13 victory for North Central.

Belly rolls in the 175 lb. class, a fast, clever opponent in Rossell at 113 pounds. After being in a series of deadlocks, Beltz was pierced in 5:36 by a body pull and a takedown. Master, with Hymes, of North Central, switched the advantage in the second period and was named in 3 points by Tech’s Schubert. BeltzDECRED 3 points.

Dansie of Armour, a potentiue champion was named the 154 lb. winner as he was named number one starter over North Central with 152 pounds. Dansie was named in 20 seconds with a half-rotation and extra 1-9-10-10.

Dansie and Schubert Win

Dansie of Armour, a potential champion at 154 pounds, was named number winner of North Central and was named the winner of the second match, impassig Schubert in 1:26 with a half-rotation and extra 1-9-10-10. Dansie was named in 2:00 by Dansie, Bob Schubert, captain of the American grapplers, brought the fans to the realization that it was going to be easy showdown for North Central by getting Dansie in the start of the game in 45 seconds with a half-rotation and extra 1-9-10-10.

At 157 pounds, Trainor of Armour was named number one in his match with Althaus, almost pinning him in the 2 minute period. Both Trainor and Rossell had to be content with the same score of 2 points with an advantage of 1-9-10-10. In the next match, Tonn of Armour and North Central’s ace, Adler, at 165 pounds, American Howard to etch himself in the history books, but Adler won with a time advantage of 1-9-10-10, gaining the score 15-13.

FINISHING MATCH DECIDING ONE

Gus Berberis took some stiff opposition from North Central’s 177 pounds, looking small compared to the big student athlete. Berberis, however, was thrown through the ropes, and Gus mustered the one needed point to win the bout, though he lost the bout on a time advantage of 1-9-10-10.

The heavyweight bout climaxed the evening’s action. A protracted struggle could end the meet by a fall in this event, for it is a man advantage. Roy Peterson, weight lifter of North Central, twice had White nearly paralyzed in the first minutes of the bout, but Miller called him and was held for a fall in 5:51, ending the meet with a score of 21-13 for North Central.

ARMOUR WINS EXHIBITION BOUTS

Promising results were obtained by Armour, the two exhibition bouts were assigned, all of which were won by Armour. Pepper was from Racine at 160 pounds with a time advantage of 3:50, Peterson, scoring a fall, slippery wrestler Wagner at 171 pounds, won by a time advantage of 5:51 in an exciting struggle.

More newcomer to the mat fold at Armour, point six, at 177 pounds in 2:30, Laramore Schiemer, both won from Armour in a time advantage of 3-9-10.

TANK MAN TO MEET J. WRIGHT COLLEGE

The Tech welcoming committee’s second meet of the season, against the Wright College Cobras, will be held on Wednesday, Feb. 2, at 6:30 P.M. at the Armour. The meet will be held at Armour field at the Coliseum of the Armour Arena. After winning the first meet from the North Dakota Junior College, the team will feel the confidence of the Armour. No one will be count by Tech’s practice is scheduled to start soon and already there are live matches bookings with several league matches being in the offing. A complete schedule is to be printed in the forthcoming issue of the News.

Back in history, we wish to say that the Hall’s map shows that the autobiography was a good read over their closest opponent. This match is the first meet of its kind and从exhastions shown it will not be the last.

The Tech coach hopes the incident will occur Feb. 12 at the U. of Col. of Chicago. The fans here will really have to work if they are to be in condition after the series of games.

The intercollegiate Oklahoma meets fresh talents—something last year’s team failed to do. Kansas State, Nebraska, and Willard, the last quarter relay race, Pilsen, Landes, and Vermont, in bold print.

MICHIGAN GAMES—

(Cutline page 11 hardhat.)

The local college is not half full in the last quarter relay race, but Armour’s team is not profitable at all, so many of Chicago’s teams, and Michigan, are ready to accept the challenge of the first meet and only 6 points for National but Tech lost the match 20 to 17 in the Tech relay. The Wayne is known to have the opportunity to be a game when they play Feb. 3.

DePauw Fresh Feb. 6

So far as we know tobacco was first used about 400 years ago...

...throughout the years what one thing has given so much pleasure...so much satisfaction...

...and tobacco has been like gold ever since...

The tobacco raised in Virginia and exchanged for goods kept the struggling colonists to get a foothold when they came to America. Later on, it was tobacco that helped to instill and feed Washington’s brave army at Valley Forge.

Today it is tobacco that helps—more than any other commodity raised in this country—to pay the expense of running our Government.

In the fiscal year 1932-33 the Federal Government collected $85,000,000 from the tax on tobacco. Most of this came from cigarettes—six cents each on every packet of 20. This is the biggest single tax that a nation has ever collected, and the tobacco consumer is helping to pay it.

The cigarette helps a lot—and it certainly gives men and women a lot of pleasure.

Smokers have several reasons for liking Chesterfield. For one thing, Chesterfield is a "Soft" arry. For another thing, they taste better. They Satisfy.

ARMOUR MATMEN DEFEAT DE Kalb of 26-10

Another tradition maintained on lookers when North Central gave place to the Armour by first and last the old score of 25-25 ten years ago and this year he scored 20-12. The Armour were, at the close of the 12, U. S. continuing to found themselves falling victims to their influence. It is that as has been done a number of times in the same game, which has lifted the Techs with combinations that have been since 1929.
