Putt Armour Ahead

The Armour Club and Orchestra, he has done very well in training and improving the organizations and is placing in concerts before the public. The music groups have given concerts in various civic clubs, for other schools, for the Century of Progress, for several clubs, for the students and their friends, of Armour, which have been very well received.

It seems only logical that, the next step forward for Armour Club and Orchestra "Putt Armour Ahead" should be the opportunity to present their concert in a larger and better known auditorium than herefore, such as a downtown theater would afford. This would indeed be a good start toward the achievement of a very ample audience and also which we understand the spring concert of the Armour Music Chorus had from all Chicago in the early days of Armour Institute.

It is admitted that before such a step can be taken even the "Putt Armour Ahead" will have to be overcome. It will require much work on the part of the music organizations, considerable time and work to make all necessary arrangements on matters similar to that of the famous concerts at the Auditorium, the Field, the Pantages and a thorough support of the students. The whole movement to overcome our difficulties is to be seen in the fact that the Armour Club and Orchestra have already started to work on the concert.

Getting Ahead

Carols Stephens Jr., "Arranged by Mr. Armstrong:"

The Armour Club and Orchestra are planning to give a concert in the Armour Institute Auditorium early in November. The concert will be a benefit for the club, and it is expected to be a great success.

Perhaps the most interesting feature of the concert will be the Armour Chorus, which has been very successful in recent concerts. The Chorus will be conducted by Mr. Armstrong, and will include a large group of Armour students.

The orchestra will also be featured, under the direction of Mr. Armstrong. The program will include selections from well-known symphonies, as well as several Armour College compositions. The orchestra will be accompanied by a large choir, under the direction of Mr. Armstrong.

The concert will be held on Friday, November 6, at 8:00 p.m. Tickets will be sold at the door, and the proceeds will go to the club.

The Armour Club and Orchestra are looking forward to a successful evening, and hope to attract a large audience.

Dear Charlotte:

As I come to the end of another school week, I think of you. Alas! I cannot see you. Alas! You are still so distant. Even though you are near, I cannot see you. I wish you would come to me. You know you would not be missed. You are working at the same time, that's what I think. I work too much in a while.

Claudine has had a baby. I have had a nice meal of lard on toast. Can you imagine anything as funny as that? I don't think so. Claudine, you are a wonderful girl. I love to talk to you. I wish you would come to me. I cannot see you. I have had a nice meal of lard on toast. I love to talk to you.
ADVISE STUDENTS TO OBSERVE ALL RULES ON PARKING

Administration Plans to Cooperate in City Safety Drive

Parking facilities within the halls of the school have always presented difficulties that have never been fully solved. Now, however, student officers have made plans to relieve the existing conditions here and thereby play a part in the city’s safety program.

Provisions will be made in which parking is prohibited but schools have been started. The effort to increase the speed of the students and to improve the safety of the streets will also allow ample room for students to park. In addition, the use of the car will be driven up to the entrance and parking areas of city streets frequented by students.

Any student parking in the area in which parking is prohibited has been warned, and any who continue to do so will be informed of the consequences of their actions. It is hoped that this plan will be followed for the safety of students and guests who are about to be received.

Reduce Student Accidents

Parking in the city will also decrease the possibility of students being involved in accidents. Throughout the city, there are many cases of inattention to traffic signs and crossing the street from behind parked cars. There are also many cases of cars parked at the building entrance, where they offer a possibility for accident. In addition, the parking in the city is less difficult than it was, the new plans will make the students’ lives easier.

Past Conditions Check

Parking in the city will provide a parking area that offers an option of use. The city will be known for its scenic beauty when students are more involved with other things than just moving to and from school.

Parking lot available

The Institute furnishes a parking area for students. Being easy to access, it will be convenient to students. The parking area will also provide a place for students to park their cars while they are in class or engaged in other activities.

Schommer Summarizes History of Gridiron Before Meeting of W.E.

Schommer summarized the history of the Gridiron before the meeting of W.E. The history of the Gridiron is lengthy and complex, but the summary provided by Schommer covers the key events and milestones.

As a game of football spread throughout the country, competition between teams and among college students became evident. The Gridiron was formed at O.C.S. in 1899 and became a major force in the development of American football.

The Gridiron was formed as a response to the growing popularity of football and the need for a more structured and organized approach to the game.

The Gridiron has played a significant role in the development of football and has been influential in shaping the modern game.

BOOK REVIEWS

One of the recent additions to the Arthur Library is a book which is not only timely but also valuable to students new to this field or anyone who wants to gain a better understanding of the subject. The book is entitled "Football: The Complete Illustrated History of the Game," by Walter J. B. Smith.

This book is a comprehensive guide to the history of the game, covering its origins, development, and evolution. It provides an insightful look at the game's past, present, and future.

In the book, the author explores the evolution of the game from its early days in the 19th century to the modern era, providing a detailed account of the key events and figures that have shaped the sport.

The book is a must-read for anyone interested in the history of football. It is well-written and engaging, and the author's passion for the game is evident throughout.

In conclusion, the book "Football: The Complete Illustrated History of the Game" is a valuable addition to the Arthur Library and a must-read for anyone interested in the history of football.

Juniors Defeat Seniors In Fast Basketball Tilt

Class of '36 Heads Toward Second Win of the Year

FINALE SCORE: 31-15

The juniors are stepping up! As a party to the big 90th Anniversary Open House last Friday night, the junior basketball team�owed a smashing victory over the seniors, coming away with a score of 31-15. In the absence of several of their own players, the seniors were left to face the juniors, who more than held their ground. The win was a testament to the determination and skill of the juniors, who were successful in overcoming the experienced players of the seniors.

SCHEDULED GAMES

Friday, October 26
8:00: Sr. D. E. Sr. E. S. W. Mc. 8:30: Sr. H. E. vs. Sr. C. E.

The necessary equipment: a basketball, a clean court, and a driven team, all were in place. The game was filled with action, from the first whistle to the last. The seniors put up a good fight, but the juniors were able to secure their victory through hard work and teamwork.

Golf and Tennis Team Prospects Appearing as Matchups Progress

The fog over the horizon is beginning to lift, freeing Ed Stier and Howard Johns, trends and skill matches. Future players for the teams are closely watching this sight, hoping to draw their staff. Most of the first round matches outside have already been played off and several of the matches, while not out of the eight gold matches have been completed. Judging by none of the scores there was a clear indication of any particular teams.

First Round Matches Played

Several developments occurred in the first matches. Fred put Lindauer, 6-3, 6-4, Arnold defeated Wernicke, 6-1, 6-4, and Blue ran rings around Furber of the rate of 6-4, 6-1. Lindauer had a rather difficult time defeating Wernicke 6-3, 6-4. Blue was eliminated early by Boettner in three sets, appearing to be right in the mix of the tournament.

The seniors are ready to take on the teams that have already had a taste of the tournament. They are confident in their abilities and are ready to compete.
