Fraternity Notes

TIPI PHI PHI

Grande chapter of Phi Phi is taking great pains to resurrect its former platform of formal dances. Koosha Verenie, treasurer of the chapter, claims that the chapter has raised over $1000 in the past two years. The funds were used to purchase new stereo equipment and the chapter is now planning to purchase a new set of stage lights for their upcoming formal dance.

Kappa Sig

The Kappa Sig chapter of the Delta Tau Delta fraternity is preparing for their annual formal dance. The dance will be held on Friday night and is expected to draw a large crowd. The chapter has been working hard to ensure that the event is a success.

Delta Tau Delta

The Delta Tau Delta fraternity is planning a formal dance on Saturday night. The dance will be held at the chapter house and is expected to draw a large crowd. The chapter has been working hard to ensure that the event is a success.

Rho Delta Phi

The Rho Delta Phi fraternity is planning a formal dance on Sunday night. The dance will be held at the chapter house and is expected to draw a large crowd. The chapter has been working hard to ensure that the event is a success.

It's No Secret

You're my best friend

Lucky Strike

The annual Bola Delta Phi dinner was held last Sunday evening. A large number of students attended the event, which was held at the chapter house. The event was well-received by the attendees, who enjoyed the food and company.

Oldenberg Gives Talk on Relativity

Dr. Robert Oldenberg closed the Mathematics Club's successful fall year with an interesting Friday lecture on "A Simple Exposition of the Theory of Relativity." The enthusiastic and attentive audience of the year heard Dr. Oldenberg give a short overview of the development of Einstein's theory, and the historical background of the development of the theory of relativity. It was pointed out that one of the outstanding features of relativity, the relativity in length of measurement equipment caused at extremely high velocities, was a point that was not appreciated by anyone before Einstein wrote his first paper in 1905.

Interstellar Expedition

An explanation of the Kaczinsky-Miller interstellar experiment and method by which it was devised was made by Dr. Robert Oldenberg. The method that enabled him to respond to the signals from the interstellar experiment was by means of a laser beam. The signals were captured by a detector, which was then transmitted to Earth via a high-gain antenna.

PARTY CLIMAXES FOR ARMY PLAYMEN

Last Friday night the Armour field was packed with a great crowd of party-goers as the Phi Delta Party in the University of Missouri entertained them with a dance and entertainment. The crowd was impressive, with a large attendance of students and faculty members.

The party was well organized, with a dance floor set up in the center of the field and music provided by a live band. The attendees were dancing, singing, and enjoying each other's company.
